

Business Process Outsourcing

The RSM RKT Group offers a wide range of Business Process Outsourcing services to ensure a transformation of your business towards achieving high performance. By understanding your business needs, we then implement a business process outsourcing strategy that offers your organization unique value.

Through our outsourcing services, we help you streamline, automate and minimize labour intensive back office tasks whilst improving internal control and your organization's cash flow. With our sophisticated finance processes such as decision accounting, we help the organization in cost reductions, and most importantly allow the organization in cost reductions, and most importantly allow the organization to free themselves of accounting, finance and payroll related tasks so that they can focus on their core competencies.

We have worked with the owners of many small and mid-sized businesses, helping

them to professionally manage the back-end services to primarily increase productivity and reduced costs with no hassles. We put to order and improve the back-end services of companies to give timely and reliable reporting.

It is like having your own team with you without having to manage them. Such outsourcing services help our clients to focus on their core business by freeing up their valuable resources and management time.

Our expertise and clients span across the globe, from home ground local business men to entities with representation in countries like Germany, Belgium, Australia, Korea, Japan and Singapore.
